DRIVER LICENC

March 22, 2022

It has been brought to our attention that you currently do not meet the Canadian Council of Motor Transport Administrators Medical Standards for drivers. This letter is to notify you that your licence has been cancelled effective immediately pursuant to subsection 18(1) of the *Motor Vehicles Act*.

Please mail or drop off your licence to the nearest Motor Vehicles office. Please note that you may not drive, as driving while your licence is cancelled is an offence under the *Motor Vehicles Act* which may include demerit points, fines, and your vehicle being impounded.

You can appeal this cancellation to the Driver Control Board. You may reach the board by calling (867) 667-5623 or toll free in the Yukon at 1-800-661-0408 Extension 5623.

If you have further questions, please contact Motor Vehicles at (867) 667-5315 or toll free in the Yukon at 1-800-661-0408 Extension 5315.

Regards,
